**Royal Brompton Hospital Consultants**

**Consultant Name**

**Speciality**

**Cardiology**

Prof Kim Fox	Investigation and treatment of angina
Dr Paul Oldershaw	Left and right ventricular function
Dr Theresa McDonagh	Heart failure, epidemiology of left ventricular dysfunction and biomarkers in heart failure
Dr Rakesh Sharma	Heart failure, echocardiography and advanced pacing, including biventricular pacemakers and defibrillators
Prof Peter Collins	Cardiovascular disease and in particular cardiovascular disease in women, coronary heart disease, hypertension, hyperlipidaemia, insulin resistance and diabetes
Prof Martin Cowie	Heart failure and treatment of angina

**Cardiology Intervention (Angiograms and angioplasties)**

The following consultants specialise in interventional cardiology, including coronary angioplasty and stent placement

Prof Carlo Di Mario  
Dr. Jonathan Clague  
Dr Simon Davies  
Dr Ed Leatham  
Dr John Foran  
Dr Julian Collinson  
Dr Ranil De Silva

Dr. Sam Kaddoura (Cardiac rehabilitation, cardiac catheterisation and CT coronary angiography)

**Electrophysiology and pacing firm**

The following consultants specialise in cardiac electrophysiology and the ablation of all arrhythmias and insertion of pacemakers

Dr Jonathan Clague  
Dr Tom Wong  
Dr John Foran  
Dr Vias Markides

Dr Sabine Ernst

Cardiac electrophysiology and the ablation of all arrhythmias in particular complex arrhythmias including atrial fibrillation and ventricular tachycardia and insertion of pacemakers  
Catheter ablation of complex arrhythmias with a special emphasis on atrial fibrillation and ventricular tachycardia using up-to-date equipment which combines 3D imaging, advanced 3D mapping techniques and remote catheter navigation

<b>Consultant Name</b>	<b>Speciality</b>
------------------------	-------------------

**Adult Congenital Heart Defect firm**

Prof Michael Gatzoulis	Congenital heart disease, pulmonary arterial hypertension and heart disease and pregnancy
Dr Lorna Swan	Adult congenital heart disease (ACHD), heart failure in patients with ACHD and obstetric cardiology
Dr John Wort	Hypertension

**Adult Cardiac Surgery**

Prof. John Pepper	Complex cardiac cases
Mr Tony De Souza	CABG
Mr Neil Moat	CABG, Mitral Valve surgery including the Percutaneous Valve Programme
Mr Mario Petrou	CABG, Aortic Valve surgery
Mr Richard Trimlett	CABG

**Intensivist**

Prof Tim Evans	Expert in intensive care, thoracic medicine, clinical pre-operative assessment, vascular biology of the critically ill and research into the acute respiratory distress syndrome
Dr. Simon Finney	Intensive care, transoesophageal echocardiography and cardiothoracic anaesthesia
Dr. Suzanna Price	Intensive care
Dr. Jeremy Cordingley	Intensive care

**Respiratory Medicine**

Prof Duncan Geddes	Treatment of severe Asthma
Prof Tim Evans	Intensive care, thoracic medicine, clinical pre-operative assessment, vascular biology of the critically ill and research into the acute respiratory distress syndrome
Prof Mike Polkey	Sleep disordered breathing, emphysema, chronic obstructive pulmonary disease, diaphragm disease and the wider field of respiratory aspects of neurological disease
Dr Pallav Shah	Lung cancer, bronchoscopy and the bronchoscopic treatment of lung diseases
Dr Toby Maher	Interstitial lung disease including idiopathic pulmonary fibrosis (IPF), hypersensitivity pneumonitis, sarcoidosis, Langerhan's cell histiocytosis, Lymphangiomyomatosis, pulmonary fibrosis and lung disease associated with systemic conditions such as Rheumatoid arthritis, Scleroderma and Wegener's granulomatosis.
Dr. Matthew Hind	Stem and regenerative therapies for the advanced lung diseases

**Consultant Name**

**Speciality**

**Paediatric Respiratory**

Prof Andrew Bush

Paediatric respiratory medicine; invasive and non-invasive assessment of airway inflammation in asthma and cystic fibrosis and clinical respiratory physiology

Dr Ian Balfour-Lynn

Cystic fibrosis, difficult asthma, congenital lung malformations, serious respiratory infections and other more rare conditions

Dr Mark Rosenthal

All aspects of paediatric respiratory problems and diseases including Cystic fibrosis, childhood asthma, food allergy, cardiopulmonary physiology

Dr Claire Hogg

Primary ciliary dyskinesia

**Paediatric and Congenital Cardiac Surgery**

The following consultants specialise in complex congenital heart surgery

Mr Babul Sethia

Mr Daryl Shore

Mr Hideki Uemura

Mr Olivier Ghez

**Paediatric Thoracic Surgery**

The following consultants specialise in Thoracic surgical oncology

Mr Michael Dusmet

Mr George Ladas

**Paediatric Intensivist**

Dr Duncan Macrae

Dr. Joan La Rovere

Dr. Margarita Burmester

Dr. Meredith Allen

Dr. Gillian Halley

Dr. Nazima Pathan

## Harefield Hospital Consultants

<b>Consultant Name</b>	<b>Speciality</b>
------------------------	-------------------

### **Cardiology**

The following consultants specialise in interventional cardiology, including coronary angioplasty and stent placement

Dr Charles Ilsley

Dr Andrew Mitchell

Dr. Chris Tavill

Dr Mark Mason

Dr. Miles Dalby

Dr. Rebecca Lane

Dr Mike Dubowitz

Dr Richard Grocott-Mason

Dr Mahmoud Barbir

Cardiac rehabilitation, cardiac catheterisation and CT coronary angiography, LDL apheresis, coronary risk factors, genetic detection of familial hypercholesterolaemia, management of lipid disorders, coronary artery disease and hypertension.

Dr Andrew Kelion

Nuclear Medicine

Dr Tarun Mittal

Radiology, Lead for Cardiac CT & MRI

Dr Shelley Rahman-Haley

Lead for Echocardiography

### **Electrophysiologist and Insertion of Pacemakers**

The following consultants specialise in cardiac electrophysiology and the ablation of all arrhythmias in particular complex arrhythmias including atrial fibrillation and ventricular tachycardia and insertion of pacemakers

Dr. Vias Markides

Dr. Wajid Hussain

Dr Tom Wong

### **Adult Cardiac Surgeon**

Mr Mohamed Amrani

Minimally invasive technique for bypass surgery and valve repair/replacement

Mr. Toufan Bahrami

Endoscopic minimally invasive heart surgery in CABG, valve repair and replacement atrial fibrillation, heart and lung transplantation and ventricular assist devices (artificial heart)

Mr. Asghar Khaghani

Transplantation, Aortic Valve and Root surgery, Off pump surgery, mechanical circulatory support

Mr Julien Gaer

Most aspects of cardiac surgery

Mr Fabio De Robertis

Minimally invasive cardiac surgery, total arterial revascularisation, aortic root surgery, mitral and tricuspid repair, mechanical circulatory support, transplantation
