Supreme Care Of Your Health

The Centre de radio-oncologie des Eaux-Vives accompanies each patient in a warm and human environment

WE SPECIALISE IN CANCER TREATMENT

When affected by this illness, patients tend to ask two essential questions, one of a medical nature, the other more personal:

- «Will I get the best possible treatment?»
- «What kind of moral and psychological support will I receive from the medical staff?»

Excellence is our response to both concerns.

At the Eaux-Vives Centre for Radiation Oncology we offer access to the best possible treatments in existence today and deliver effective support services. Drawing on the expertise of oncologists of international acclaim, the Centre relies on latest-generation techniques in an environment where patients are our top priority.
